SUBSIDIARIES

01

STRATEGY INITIATIVE

Building Visibility & Collaboration

STRATEGY INITIATIVE

We are determined to become more visible with our interface in the remaining half of this year and also strive for an optimal collaboration amongst subsidiaries departments and upper management.

- 1 Direct Interface between team leads or manager with Department or Subsidiary heads
- 2 Continue the use of our Subsidiary Project Sheet Documentation
- 3 Weekly Budget Implementation Cycles
- 4 Daily Task Appraisal Milestones
- 5 Weekly on-site Evaluation reports
- 6 Risk & Damage Assessment Reports
- 7 Monthly Priority Overview Board

02

SUBSIDIARY FOCUS

Operational Oversight & Performance Tracking

POCTOVA

FASHION & APPAREL SUBSIDIARY

SCOPE

- Mass Production of Military Uniforms
- Mass Production of NYSC Uniforms
- Mass Production of DSS Uniforms
- Ready-to-Wear Fashion Accessories
- Customize Fashion Apparels
- One-Stop Fashion Shop

OPERATIONAL OVERVIEW

- Production Cycle Excellence Plan
- Product Development & Design
- Large Scale Manufacturing & Market Penetration
- Marketing & Client Acquisition
- Capacity Building & Quality Assurance
- Staff Development & Incentives
- Innovation & Strategic Expansion

POCTOVA

M&E ENGAGEMENT & MILESTONES

M&E ENGAGEMENT

- We have already recommended a prioritization of a more efficient quality assurance unit; we are determined to work more closely with them to project the brand's image in a more positive light.
- Standardize our costing index before embarking on public sales and for other potential clients
- Seat in for government & private individuals contract and negotiation proceedings to ensure compliance and impact
- Design field reporting templates for the mobile team
- Closely monitor all staff daily output and KPIs
- We will also design a new task completion template for the tailors to help with standardization and also assist with the team's weekly appraisals

MAJOR MILESTONE INDICATORS

- Achieve 100% certification & practice compliances (July)
- Conduct first quarterly Staff/Tailor Training (July)
- Secure at least 5 schools Garment Production (August)
- Design an effective subscription model (August)
- Design & launch a staff incentive scheme (H2)
- Pitch to over 7 Security/Corporate Firms (September)
- Set up and deploy an efficient mobile team (July)
- Create a digital platform for clients' enquiries (September)
- Create & sustain a product catalogue (H2)

EIB STRATOC

SECURITY & SURVEILLANCE SUBSIDIARY

SCOPE

- Security Surveillance
- Early Detection Counter Intelligence
- Geo-Spatial Solutions Expertise
- Asset Monitoring

M&E ENGAGEMENT

- Monitor the pattern of incidence reporting
- Ensure timely camp welfare and operational prioritization
- Liaise weekly with camp heads to document non surveillance related security assessment
- Implement the new Client's (eg NNPC) reports correspondence templates
- Further consult with all responsible stake holders to ensure budget cycle implementation for new and existing camps

EIB STRATOC

MAJOR MILESTONE INDICATORS

MILESTONES

- Active Surveillance Presence in 3 additional States Plateau (On- going), Zamfara (On-going) and Kebbi (July)
- Achieve a Standard Deployment Timeline for New Projects (June)
- Strive to Achieve Subsidiary Self Sufficiency (H2)
- Successfully Complete at least one Camps Personnel Rotation within the next 60 days (August)
- Design and Sustain an internal Asset Purchase Directory, exclusively for Camps and Separate from the procurement departments (August)
- Set up and Deploy Security Surveillance Framework to at least 5 New States in Nigeria (H2)

BRIGHT FM

MEDIA & BROADCAST SUBSIDIARY

SCOPE

- Advertorial Campaigns
- Media Engagements
- Event/Program Coverage
- Brand Visibility

STRATEGY

- Improve programme quality by creating stronger content, and more engaging segments that connect with listeners.
- Recruitment of experienced radio presenters to improve on-air delivery, storytelling, audience connection, and overall programme quality.
- Improve marketing structure by engaging experienced radio marketers who can develop relationships with advertisers, create sponsorship opportunities, and support revenue growth.
- Increase audience engagement through listener-focused activities, digital presence, community interaction, and better promotion of Bright FM programmes.

BRIGHT FM

M&E ENGAGEMENT & MILESTONES

M&E ENGAGEMENT

- Current Revenue modalities Review
- Major engagement growths for our most popular belts to better inform marketing and commercial's sales projection
- Further review existing broadcast and advertorial partnerships
- Monitor progress through regular programme reviews, audience feedback, and performance tracking. (September)

MAJOR MILESTONE INDICATORS

- Revenue Sustainability (H2)
- Notable Adjustment in programming (July)
- Adoption of more experienced broadcasters (H2)
- Program redesign and Syndication for Sustained Listenership (July/August)
- Increased Audience Engagements (H2)

BRIECH ATLANTIC LTD

REAL ESTATE & CONSTRUCTION SUBSIDIARY

SCOPE

- Business development / Portfolio Diversification
- Construction & Project Management
- Estate Development & Marketing
- Interior & Exterior Finishing Services
- Estate Finance & Operations
- Consultancy

M&E ENGAGEMENT

- We will ensure that all responsible project teams gain access to our milestone assessment reports to ensure they are conscious of the actual percentages of management's appraisal
- On-sight supervision of EIB Group Corporate headquarters, Briech Atlantic, Expatriate Quarters, And Briech Hospital building projects.
- Also, provide all necessary support and procedural monitoring in an attempt to further diversify and fully commercialize
- Review policy and patronage engagement for Estate Development and Facility management upon commencement

BRIECH ATLANTIC LTD

MAJOR MILESTONE INDICATORS

MILESTONES

- Reducing operational costs by 10%. (July)
- Increase property inquiries by at least 30% (
- Close at least 3 significant estate transactions.
- Zero major safety incidents. (H2)
- Minimum of 5 completed finishing projects. (H2)
- Client satisfaction rating above 90%. (H2)
- Strict adherence (90%) to project schedules. (Q3)
- Improving Brieich Atlantic Ltd's revenue generation by at least 20%. (H2)
- Strive for (At least) 90% project financing for all internal EIB Groups projects (H2)

BRIECH UAS

UAV & DRONE TECHNOLOGY SUBSIDIARY

SCOPE

- UAV Designs
- Mass Production of UAVs
- Production of Hi-tech Kamikaze Combat Drones
- Production and Testing of Bombs
- Testing & Certification
- Training Packages
- Research

NEXT QUARTER OPERATIONAL OVERVIEW

- Phase 1 - Damage Assessment of Current Models
- Phase 2 - Procurement & Fabrication
- Phase 3 - Reconstruction & Assembly
- Phase 4 - Testing & Validation

BRIECH UAS

M&E ENGAGEMENT & MILESTONES

M&E ENGAGEMENT

- Our focus primarily for Briech UAS in the coming year will mostly be on intellectual property protection
- We will also closely monitor individual output in order to further get the general disposition of the staff to limit redundancies and disgruntlement
- The Prototype design protection and documentation protocol already implemented, will be further reviewed in order to ensure continuity, with or without the originator of the concept.
- We will also work closely with the team on surveillance projects to document the frequency of the incidences that were recorded within the first quarter
- Strive to further harmonize all joint Briech UAS and EIB Stratoc Operations for better synergy and limit further exposure of communication gaps and leadership overlaps

MILESTONE INDICATORS

- Acceleration in Research & Development of Prototypes (H2)
- Enhance pilot and technician competency, limiting crashes to single digit percent in the next 2 months (August)
- Integrate the subsidiary's Asset preservation and maintenance framework with the Procurement Department's Structure (July)
- Strengthen HSSE compliance guidelines (July/August)
- Achieve full self sufficiency in research & Development (H2)
- Restore 2 crashed UAV platforms to Operational condition (July)
- Mandatory periodic staff evaluations (Continuous H2)
- Deepen Client Engagement (H2)
- Maintaining Overall Operational efficiency (H2)

SCOPE

- Humanitarian Empowerment
- Health Outreach
- Community Development
- Research

M&E ENGAGEMENT

- We have observed so far that the foundation is yet to have an incident management protocol that fully insulates the group from any legal liability in circumstances that may lead to loss of life. We will work more closely with them and the legal team to implement one going forward in July
- We are also going to recommend that BEF is tasked to fully assume the duty of documenting and coordination of all non-salary related Staff welfare concerns (July)
- Monitoring for every project cycle implementation (H2)
- We will also conduct budget implementation cycle assessment as the need arises (H2)

MAJOR MILESTONE INDICATORS

MILESTONES

- Conduct & Sustain field visits to plan various outreaches (July)
- Execute Sensitization Awareness Campaigns for SGBV (July)
- Conduct Civil/Communal Orientation & Leadership Trainings (August)
- Organize Health Related Outreaches for Low Income Communities (August)
- Conduct Clinical testing for medical at cluster points in the FCT
- Host at-least one Back-to-School Empowerment Scheme (September)

GIGA FORENSICS

DIGITAL FORENSICS & SECURITY SOLUTIONS

SCOPE

- Tracking Solutions for Security Assets
- Digital Forensics
- Crime Investigations
- Digital Counter-terrorism Monitoring

M&E ENGAGEMENT

- As they are still partly in their incubation phase, we will strive to give them all necessary support to launch successfully and offer forensics solutions to stake holders
- We will also want to set up our incidence log for all projects and services within their control to be kept abreast at all times
- Case conduct and completion protocols will be designed before the end of the first quota to aid us in tracking all pending and closed cases
- We will also further continuously consult with the legal team to ensure that patent rights and trademarks are secured
- We will further engage with human resources and responsible managers to ensure staff compliance with non-compete and the protection of sensitive company data.

LUFTREIBER AUTOMOBILE

AUTOMOTIVE SERVICES SUBSIDIARY

SCOPE

- Automobile Servicing
- Vehicle Repairs / Overhaul
- CNG Conversion
- Vehicle Body works / Customization

M&E ENGAGEMENT

- Based on some of the reoccurring cases of customer dissatisfaction, we will work closely with the manager and team to come up 3 distinct protocols with their appropriate and feasible duration. This initiative can be further expanded upon. However, we are proposing the following three:
 - Auto Service Express
 - Auto Repair Express
 - Auto Replacement Max
- We will also ensure a more on ground assessment to monitor any other strategies the team will adapt in the first quota of 2026.

LUFTREIBER AUTOMOBILE

MILESTONE INDICATORS

MILESTONES

- Addressing the Space Concern (July)
- Limiting of Re-Occurrence in Repairs (H2)
- Increasing the number of Vehicles Fixed and Cleared Per Day (H2)
- Other Major Vehicle Dealerships/Manufacturer Accreditations (H2)
- Diversification into The Electric Vehicle Market (August)

03

DEPARTMENTAL FOCUS

Cross-Functional Collaboration & Oversight

DEPARTMENTAL FOCUS

ACCOUNTS / INTERNAL CONTROL

- The accounts department are going to be our partners in terms of subsidiary and departmental financing. Every project milestone costs that are expended. We are to be notified so as to track milestones more efficiently.
- And also, for initiatives that have been canceled or defunded are also to be communicated as to help us know it was deliberately shelved

INTERFACE AND WORKFLOW DEPARTMENT

- Timely Communication of contract reviews, renewals and or terminations as at when due
- Respond to concerns from our clients
- Oversee all vital correspondences with management
- Document agreements and all external progress reports exchanged with clients.

DEPARTMENTAL FOCUS

PROCUREMENT & ASSET MANAGEMENT

- Optimize procurement and inventory management.
- Ensure a smooth transition into role and mitigate with the executive any constraints as they arise
- Conduct a bi weekly overview of clearance, stock and restock documentation procedures for departments and subsidiaries
- Assist to ensure there is no further overlap between the administrative roles and procurement
- Assist in the un-bundling of any perceived duplication of roles

DOCUMENT CONTROL

- We will continue to rely on their documentation to aid our data collection and timely assessment
- Bi weekly reviews will be sustained in order to further improve our synergy.
- Based on their extensive data collection, we are hopeful that the document control team will also further prompt us to a trend they have spotted during their daily collation in-order to notify any responsible offices for timely aversion.

DEPARTMENTAL FOCUS

HUMAN RESOURCES

- We intend to discuss with the department to also be included in the recruitment committee for assessment purposes
- Will have further consultations with the department and management on the need to retrieve Employment Offers from staff after completion of probationary duration.
- Also continue to ensure that management's directive are implemented accurately and enforced. While disciplinary actions must reflect industry and labour standards.
- Will further advise that individual misconduct cases should be thoroughly investigated.
- We will also have further dialogue and ensure that our employment contracts are not in any way similar across subsidiaries.
- Assist the team to Design & Implement a 24 Hour Exit Protocol for termination and or transfers
- Monitor for Timely communication of Personnel / Staff Employment, Transfers, Un-boarding and Disengagements

OTHER RECOMMENDATIONS

- More sustained engagement with the training department to ensure that going forward all existing staff and new recruits have clear and concise understanding of employment contract terms before integration.
- Monitoring and Evaluation will also intensify indirect administrative assessment and advisory in the coming months.
- Declassification and Access to enable timely and accurate progress and implementation tracking
- Collaboration with Department Heads and Subsidiary Managers for shared objectives
- Adoption of Reports and Recommendations

THANK YOU

Ken .A. Onuh

For EIB GROUP
