

SIX-MONTH STRATEGIC PROJECTION PLAN (Q3–Q4)

July – December 2026

PROJECTION PLAN, STAFF RECRUITMENT, STRATEGIC BUSINESS DEVELOPMENT, INTRODUCTION OF INTERIOR & EXTERIOR DESIGN/FINISHING SERVICES, ACTIONABLE MILESTONES AND GROWTH STRATEGY

Reporting Period: 1 July – 31 December 2026

Prepared By: Briech Atlantic Limited

1. EXECUTIVE SUMMARY

This Six-Month Strategic Projection Plan outlines Briech Atlantic Ltd's business priorities and operational roadmap for the period July to December 2026 (Q3–Q4). The plan is designed to strengthen the Company's position as a trusted provider of construction, estate development, project management, and real estate services while introducing a dedicated Interior & Exterior Design and Finishing Division as a new strategic business unit.

The plan focuses on increasing project acquisition, strengthening the Company's technical and marketing capacity through targeted recruitment, expanding business development activities, improving operational efficiency, and

enhancing the Company's brand visibility. Successful implementation of these initiatives will increase revenue, diversify income streams, improve project delivery, and position Briech Atlantic Ltd for sustained growth into 2027.

2. CORE BUSINESS AREAS

Briech Atlantic Ltd shall operate in the following areas:

- 1. Construction and Civil Engineering Works.***
- 2. Estate Development and Property Development.***
- 3. Estate Marketing and Real Estate Consultancy.***
- 4. Interior Design and Space Planning.***
- 5. Exterior Design and Landscaping.***
- 6. Interior and Exterior Finishing Works.***
- 7. Building Renovation and Remodelling.***
- 8. Project Management and Facility Management.***
- 9. Procurement and Supply of Materials.***
- 10. General Contracting and Infrastructure Development.***

3. STRATEGIC OBJECTIVES

During the six months, the Company will pursue the following strategic objectives:

- Secure new construction and infrastructure projects.

- Expand estate development and real estate marketing activities.
- Introduce and establish the Interior & Exterior Design and Finishing Division as a profitable business unit.
- Strengthen business development and client acquisition.
- Recruit key professionals to support operational growth.
- Improve project execution, customer satisfaction, and profitability.
- Increase corporate visibility through strategic branding and digital marketing.

4. SIX-MONTH BUSINESS PROJECTION

A. Construction and Civil Engineering

Objectives

- Secure a minimum of six (6) new construction and civil engineering contracts.
- Complete all ongoing EIB Group projects and others within approved timelines and budgets.
- Improve operational efficiency and project profitability.

Key Activities

- Submit at least 20 competitive proposals and tenders.
- Pursue Federal, State Government, and private-sector projects.

- Strengthen relationships with consultants, architects, engineers, developers, and institutional clients.
- Improve project monitoring, reporting, and quality assurance.

Expected Outcomes

- Six new projects secured.
- 35% increase in construction revenue.
- Improved project delivery performance and client satisfaction.

B. Estate Development

Objectives

- Secure at least one strategic estate development opportunity.
- Expand the Company's land and property portfolio.
- Build partnerships with investors and landowners (Federal and State Ministries, FCDA, FHA and Area Councils).

Key Activities

- Conduct feasibility studies and market analysis.
- Engage with landowners, government agencies, and financial institutions.
- Develop estate layouts, financial models, and development proposals.

Expected Outcomes

- One estate development project initiated.
- Increased Company assets.
- Enhanced investment opportunities.

C. Estate Marketing

Objectives

- Increase property sales and client acquisition.
- Generate a strong pipeline of qualified prospects.
- Strengthen the Company's market presence across Abuja and neighbouring states.

Key Activities

- Digital marketing campaigns.
- Weekly property inspections.
- Corporate presentations.
- Referral marketing.
- Strategic partnerships with realtors, cooperatives, and institutions.

Expected Outcomes

- At least 300 qualified leads generated.
- 15–20 completed property transactions.

- Increased brand awareness and customer engagement.

5. STAFF REQUIREMENT / RECRUITMENT PLAN

To support the Company's expansion strategy, the following recruitment is recommended.

- Supervise external finishing projects.
- Design outdoor recreational areas.
- Coordinate project execution.

6. RECOMMENDED RESOURCES AND SUPPORT SYSTEMS

To successfully achieve the objectives outlined in this Six-Month Projection Plan, Brieche Atlantic Ltd will require adequate resources, logistics, technology, and operational support systems. The following are recommended:

A. Dedicated Mobility for Marketing and Business Development Team

To enable the Marketing and Business Development Team to effectively cover their assigned territories and respond promptly to client needs, the Executive Management is kindly requested to provide:

- ✓ Two (2) dedicated vehicles (a Car and a Hiace Bus) for marketing and business development activities.

- ✓ Alternatively, transport allowances for field marketers operating within Abuja and neighbouring states.
- ✓ Monthly fuel allocation and maintenance budget.
- ✓ Driver support where necessary.
- ✓ Branded vehicles to enhance corporate visibility and professionalism.

Expected Benefits

- ✓ Faster response to client requests.
- ✓ Increased client visits and site inspections.
- ✓ Improved project acquisition opportunities.
- ✓ Enhanced brand visibility across target markets.
- ✓ Increased productivity of the marketing team.

B. Information and Communication Technology (ICT) Infrastructure

To improve efficiency and communication, the IT department should provide:

- ✓ High-Performance Workstation Desktop computer for the architect and engineers, Laptop computers for key management and marketing staff.
- ✓ Official Breich Atlantic Ltd email accounts for staff.
- ✓ Customer Relationship Management (CRM) software.
- ✓ Project Management Software for monitoring projects.
- ✓ Asset management Software for monitoring store/warehouse inventory and procurement reports,
- ✓ Cloud storage and document management systems.

- ✓ Reporting templates and dashboards.

Expected Benefits

- ✓ Improved communication and collaboration.
- ✓ Efficient client and project management.
- ✓ Faster preparation of proposals and reports.
- ✓ Optimised store/warehouse inventory and procurement management
- ✓ Better data management and security.
- ✓ Improved accountability.
- ✓ Timely project completion.
- ✓ Better decision-making.
- ✓ Increased customer satisfaction.

C. Marketing and Branding Resources

To strengthen the company's market presence, the following should be provided:

- ✓ Corporate brochures and company profiles.
- ✓ Branded safety wear, shirts, helmets, and reflective jackets.
- ✓ Outdoor billboards and project signboards.
- ✓ Professional photography and drone coverage of projects.
- ✓ Active social media management.
- ✓ Website upgrade and regular content updates.

- ✓ Promotional videos showcasing projects and services.

Expected Benefits

- ✓ Increased brand awareness.
- ✓ Improved public perception.
- ✓ More inquiries and business leads.
- ✓ Stronger competitive advantage.

D. Office Facilities and Equipment

To support smooth operations, the Executive Management is kindly requested to provide:

- ✓ Adequately furnished office spaces.
- ✓ Meeting and presentation rooms.
- ✓ Printers, scanners, and photocopiers.
- ✓ Company-branded stationery and office materials.

Expected Benefits

- ✓ Improved staff productivity.
- ✓ Professional work environment.
- ✓ Enhanced client experience during meetings and presentations.

E. Operational Support for Interior & Exterior Design and Finishing Unit

To drive the growth of the Interior and Exterior Design Department the Executive Management is kindly requested to provide:

- ✓ High-performance laptops or desktops for design work.
- ✓ Design software for 2D and 3D visualization.
- ✓ Cameras and measuring tools.
- ✓ Sample catalogues of finishing materials.
- ✓ Display boards and presentation materials.

Expected Benefits

- ✓ Improved design quality.
- ✓ Faster project delivery.
- ✓ Better client presentations and approvals.
- ✓ Increased finishing project acquisition.

F. Staff Training and Capacity Development

The company should invest in continuous training for staff through:

- Professional certification programmes.
- Workshops and seminars.
- Sales and negotiation training.

- Project management training.
- Digital marketing and social media training.
- Health, Safety, and Environment (HSE) training.
- Monthly performance review meetings.

Expected Benefits

- Improved staff competence.
- Increased productivity and innovation.
- Better customer service.
- Enhanced project delivery.

7. STRATEGIC BUSINESS DEVELOPMENT PLAN

Strategy 1 – Aggressive Project Acquisition

Actions

- ✓ Register with Federal and State Ministries, Departments, and Agencies (MDAs).
- ✓ Register with procurement portals.
- ✓ Submit at least twenty project proposals.
- ✓ Strengthen relationships with consultants and developers.
- ✓ Monitor tender opportunities weekly.

Expected Results

- ✓ Six new projects secured.
- ✓ Increased revenue and market share.

Strategy 2 – Business Expansion

Actions

- ✓ Expand into Interior & Exterior Design services.
- ✓ Increase participation in private-sector projects.
- ✓ Pursue institutional and commercial developments.
- ✓ Introduce design-and-build service packages.

Expected Results

- ✓ Diversified revenue streams.
- ✓ Increased profitability.

Strategy 3 – Strategic Partnerships

Develop partnerships with:

- ✓ Government agencies
- ✓ Banks and mortgage institutions

- ✓ Architects and engineering firms
- ✓ Building material manufacturers and dealers
- ✓ Furniture makers and dealers
- ✓ Real estate consultants
- ✓ Cooperative societies
- ✓ Investment groups

Expected Results

- ✓ Increased referrals.
- ✓ Improved access to funding opportunities.
- ✓ Stronger market presence.

Strategy 4 – Corporate Branding

Actions

- ✓ Upgrade the Company's website.
- ✓ Improve social media presence.
- ✓ Produce corporate brochures and promotional videos.
- ✓ Install branded project signboards.
- ✓ Showcase completed projects.

Expected Results

- ✓ Increased brand recognition.
- ✓ Greater customer confidence.
- ✓ Improved corporate image.

9. GROWTH STRATEGY

By 31 December 2026, Briech Atlantic Ltd aims to achieve:

Financial Growth

- ✓ 35–45% increase in overall revenue.
- ✓ Improved profitability across all business units.

Market Growth

- ✓ Stronger presence in Abuja and neighbouring states.
- ✓ Expanded project portfolio in construction and estate development.

Business Diversification

- ✓ Successfully established the Interior & Exterior Design and Finishing Division.
- ✓ Generate sustainable revenue from design and finishing services.

Human Capital Development

- ✓ Recruit and retain skilled professionals.
- ✓ Build a high-performance, results-driven workforce.

Corporate Growth

- ✓ Enhance the Company's reputation for quality, professionalism, and timely project delivery.
- ✓ Strengthen relationships with government agencies, private developers, and institutional clients.

10. CONCLUSION

The period from July to December 2026 presents a strategic opportunity for Briech Atlantic Ltd to strengthen its operations, expand into new service offerings, and accelerate sustainable growth. This plan combines targeted recruitment, aggressive business development, diversification through the

introduction of Interior & Exterior Design and Finishing Services, and disciplined project execution to deliver measurable business results.

With the support of the Chairman, Executive Management, and all departmental heads, the successful implementation of this strategy will enhance operational efficiency, increase profitability, broaden the Company's market reach, and reinforce Brieche Atlantic Ltd's reputation as a leading construction, estate development, and project delivery company in Nigeria.
