

An effective onboarding and offboarding process ensures consistency, protects company assets and information, and creates a positive employee experience.

Staff Onboarding Process

1. Pre-Employment

- * Issue the employment offer and receive signed acceptance.
- * Complete background/reference checks (if applicable).
- * Collect required documents:
 - ✓ Valid identification
 - ✓ Passport photograph
 - ✓ Bank details
 - ✓ Tax/Pension information (where applicable)
 - ✓ Next-of-kin details
 - ✓ P11 form
 - ✓ Guarantor form
 - ✓ Academic and professional certificates
 - ✓ Signed employment contract
 - ✓ Signed confidentiality/NDA agreement
 - ✓ Employee handbook acknowledgment
 - ✓ Etc

2. Prepare for the Employee's First Day

- * Create company email and user accounts.
- * Prepare workstation, laptop, ID card, uniform (where applicable), and access cards.
- * Inform relevant departments (HR, ICT, Finance, Security, Administration).
- * Assign a supervisor or mentor.
- * Develop a 30-, 60-, and 90-day onboarding plan.

3. First Day Orientation

- * Welcome and introductions.
- * Explain the company's:
 - * Vision and mission
 - * Organizational structure
 - * Policies and code of conduct
 - * Health and safety procedures
 - * Working hours and attendance expectations
 - * Leave policy
 - * Reporting lines
 - * Communication channels
- * Tour the office and introduce key team members.

4. Role-Specific Induction

- * Review the job description and responsibilities.
- * Explain departmental processes and SOPs.
- * Set initial KPIs and performance expectations.
- * Provide necessary systems and operational training.

5. Asset Handover

Record and obtain signatures for all issued company assets, such as:

- * Laptop
- * Desktop
- * Mobile phone (where applicable)
- * SIM card (where applicable)

- * ID card
- * Keys
- * Vehicle (if applicable)
- * Uniform/PPE
- * Company credit card
- * Access cards

6. Performance Review

Conduct structured reviews after:

- * 30 days
- * 60 days
- * 90 days
- * End of probation

Staff Offboarding Process

1. Receive Exit Notification

This may result from:

- * Resignation
- * Retirement
- * Contract expiration
- * Termination
- * Redundancy

2. Notify Relevant Departments

Inform:

- * HR
- * ICT
- * Finance
- * Security
- * Administration
- * Departmental Head

3. Knowledge Transfer

Require the employee to:

- * Document ongoing work.
- * Hand over projects.
- * Train the replacement where necessary.
- * Submit or change passwords only through approved company procedures if applicable.

4. Recover Company Assets

Collect and verify all issued assets:

- * Laptop
- * Phone
- * ID card

- * Access cards
- * Keys
- * Vehicle
- * Documents
- * Equipment
- * Uniforms/PPE

Use an asset return checklist signed by both the employee and the receiving officer.

5. Disable Access

Coordinate with ICT to:

- * Disable email.
- * Remove system access.
- * Deactivate VPN and remote access.
- * Recover software licenses where applicable.
- * Disable building access.

6. Financial Clearance

Confirm:

- * Final salary
- * Outstanding reimbursements
- * Loan repayments (if any)
- * Leave balance
- * Pension and statutory deductions

- * Return of company funds or advances

7. Exit Interview

Discuss:

- * Reasons for leaving
- * Employee experience
- * Management feedback
- * Suggestions for improvement
- * Potential risks or unresolved issues

8. Issue Clearance

Ensure each department signs off that:

- * Assets have been returned.
- * Financial obligations are settled.
- * System access has been revoked.
- * Documentation is complete.

9. Final Documentation

Provide:

- * Acceptance of resignation (if applicable)
- * Final payslip
- * Employment/reference letter (where appropriate)

- * Tax and statutory documents
- * Exit acknowledgment

Recommended Checklists

Maintain standardized forms for:

- * New Employee Onboarding Checklist
- * Employee Orientation Checklist
- * Asset Issuance Form
- * Probation Evaluation Form
- * Exit Clearance Form
- * Asset Return Form
- * Exit Interview Form

This structured process helps ensure new employees become productive quickly while protecting the organization during employee departures.
