GIGA FORENSICS

SCOPE

Tracking Solutions for Security Assets

Digital Forensics

Crime Investigations

Digital Counter-terrorism Monitoring

M&E ENGAGEMENT

- As they are still partly in their incubation phase, we will strive to give them all necessary support to launch successfully and offer forensics solutions to stake holders
- We will also want to set up our incidence log for all projects and services within their control to be kept abreast at all times
- Case conduct and completion protocols will be designed before the end of the first quota to aid us in tracking all pending and closed cases
- We will also further continuously consult with the legal team to ensure that patent rights and trademarks are secured

- We will further engage with human resources and responsible managers to ensure staff compliance with non-compete and the protection of sensitive company data.

LUFTREIBER AUTOMOBILE

SCOPE

Automobile Servicing

Vehicle Repairs / Overhaul

CNG Conversion

Vehicle Body works / Customization

M&E ENGAGEMENT

- Based on some of the reoccurring cases of customer dissatisfaction, we will work closely with the manager and team to come up 3 distinct protocols with their appropriate and feasible duration. This initiative can be further expanded upon. However, we are proposing the following three
 - Auto Service Express
 - Auto Repair Express
 - Auto Replacement Max
- We will also ensure a more on ground assessment to monitor any other strategies the team will adapt in the first quota of 2026 for us to see
-

MILESTONE INDICATORS

- * Addressing the space concern
- * Limiting of re-occurrence in repairs
- * Increasing the number of cars fixed and cleared per day
- * Other Major Dealerships Accreditation
- * Diversification into The Electric Vehicle Market

DEPARTMENTAL FOCUS

ACCOUNTS/ INTERNAL CONTROL

- The accounts department are going to be our partners in terms of subsidiary and departmental financing. Every project milestone costs that are expended. We are to be notified so as to track milestones more efficiently.

- And also, for initiatives that have been canceled or defunded are also to be communicated as to help us know it was deliberately shelved

INTERFACE AND WORKFLOW DEPARTMENT

- Timely Communication of contract reviews, renewals and or terminations as at when due
- Respond to concerns from our clients
- Oversee all vital correspondences with management
- Document agreements and all external progress reports exchanged with clients.

PROCUREMENT & ASSET MANAGEMENT

- ✚ Optimize procurement and inventory management.
- ✚ Conduct a by weekly overview of clearance, stock and restock documentation procedures for departments and subsidiaries
- ✚ Assist to ensure there is no further overlap between the administrative roles and procurement
- ✚ Assist in the un-bundling of any perceived duplication of roles

DOCUMENT CONTROL

- We will continue to rely on their documentation to aide our data collection and timely assessment
- Bi weekly reviews will be sustained in order to further improve our synergy.
- Based on their extensive data collection, we are hopeful that the document control team will also further prompt us to a trend they have spotted during their daily collation in-order to notify any responsible offices for timely aversion.

HUMAN RESOURCES

- We intend to discuss with the department to also be included in the recruitment committee for assessment purposes
- Will have further consultations with the department and ma retrieve Employment Offers from staff after completion of probationary duration.

- Disciplinary must reflect industry standard or individual cases should be thoroughly investigated.
- We will also have further dialogue and ensure that our employment contracts are not in any way similar across subsidiaries.
- Assist the team to Design & Implement a 24 Hour Exit Protocol
- Monitor Timely communication of Personnel / Staff employment & disengagements

OTHER RECOMMENDATIONS

- The training unit must ensure going forward that all existing staff and new recruits have clear and concise understanding of employment contract terms
- Monitoring and Evaluation will also intensify indirect administrative assessment and advisory in the coming months.
